LIMITATIONS ON AND CONDITIONS OF WARRANTY

Although it is recognized by Dean Steel Buildings, Inc., and its customers that most coatings, including CERAM-A-STAR®950, will fade and change in appearance to some degree over a period of time in outdoor installations, and that such changes may not be uniform between surfaces not equally exposed, DEAN STEEL BUILDINGS, INC., warrants that the goods covered by this warranty will resist natural weathering to the extent that they will conform to the performance standards listed below during a period of 20 years after coating for film integrity, and a period of 20 years after coating for chalking and color change, provided that all conditions of this warranty are first met. Provisions (1) through (3) below apply to buildings installed north of the 15° parallel of latitude in the northern hemisphere or south of the 15° parallel of latitude in the southern hemisphere. Only provision (1) applies to buildings installed between these latitudes.

1. CERAM-A-STAR® 950, or equivalent, will not peel, crack, check, or flake to an extent that is apparent or on ordinary visual observation.
2. Vertical installations of CERAM-A-STAR®950, or equivalent, will not change color more than 5NBS(Hunter) units, and non-vertical installations will not change color more than 7NBS (Hunter) units following field installation. Color measurements are to be made per ASTM D 2244 and only on clean surfaces after removing surface deposits and chalk per ASTM D 3964.
3. Vertical installations of CERAM-A-STAR®950, or equivalent, will not chalk more than a number 8 rating, and non-vertical installations will not chalk more than a number 6 rating, when measured per ASTM D-4214, Method A.
4. This Warranty does not apply if defects or failures set forth on the face hereof are caused by acts of God, falling objects, external forces, explosions, fire, riots civil commotions, acts of war, radiation, or abnormal environmental conditions. Abnormal environmental conditions shall include, but are not limited to:
 - Areas exposed to marine (salt water) atmosphere and/or continuous spray of salt or fresh water.
 - Areas exposed to heavy atmospheric concentrations of fly ash, corrosive fumes and/or chemicals such as those emitted by chemical plants, foundries, kilns, fertilizer plants and paper mills.If an area is originally subject to a “normal” environment, but subsequently changes to one that is “abnormal”, then this Warranty is void.
5. This Warranty does not apply to the interior or reverse side finish.
6. This Warranty does not apply to slight crazing or cracking on roll formed or break bends that may occur as the result of accepted fabrication procedures.
7. This Warranty does not apply to panels that have suffered scratching, abrasion or impact by hard objects.
8. This Warranty does not apply to panels that are stored at any time prior to field installation contrary to storage instructions issued by DSB, or is stored or installed in a way which allows standing water on the coating, thus creating “white rust”.
9. This Warranty does not apply to surface rust that may appear around screws or cut edges due to drill chips or shavings that were not cleaned from the panels after installation.
10. This Warranty is made only to the original owner of the building, and shall not apply if the building has been dismantled and moved to a new location.
11. This Warranty covers wall and roof panels exposed to normal weather conditions in the continental United States and as set fourth in opening paragraph.
12. This Warranty does not include failures resulting from edge corrosion.
13. Roof slopes of 1/4:12 or less are not covered under this Warranty.
14. The warranty shall not become effective and DSB shall not have any obligation under any warranty until all invoices issued by DSB have been paid in full, in accordance with their terms, without offset, deduction or credit.

NOTICE REQUIREMENT

All claims for alleged breach of the limited Warranty expressed herein must be transmitted in writing to Dean Steel Buildings, Inc., 2929 Industrial Avenue, Fort Myers, Florida 33901, within thirty (30) days after the alleged defect has been first detected. Upon receipt of any claim, DSB will have the claim investigated and, if the finish has failed under the terms and conditions of this limited Warranty, DSB will then, at its option, either replace or repaint the finished materials to the extent necessary to provide, in its opinion, a satisfactory building appearance. All corrective action performed by Dean Steel Buildings, Inc., pursuant to this limited Warranty shall be carried out on the basis of a release from the customer of any further claims concerning the specific claim. DSB's liability for breach of this Warranty shall be limited exclusively to the cost of either repairing nonconforming panel, or at DSB's sole option, of furnishing F.O.B. plant sufficient sheet product to provide the Buyer replacement panels for the nonconforming panels on a prorated share based on the years of service. **(Example 10 years into a 20 year Warranty, DSB's share would be 50% of the replacement panels/repairing cost; years of service will start from DSB's effective date as noted on the face of this document.)** DSB shall not, in any event, be liable for the cost of labor expended by others on any nonconforming sheet or for any special, indirect, or consequential damages to anyone by reason of the fact that such panels shall have been nonconforming.
